

UROGENITAL SYSTEM

Kidney

Suprarenal (adrenal) gland –
Renal cortex & function –
Renal medulla & function –
Nephron/Nephridia (cells) -
Renal pyramids –
Calyx –
Renal pelvis –
Ureter –
Urinary bladder –
Urethra –

Male

Testes –
Epididymis –
Vas Deferens/spermatic cords –
Seminal vesicle -
Prostate –
Bulbourethral gland –
Penis –

Female

Ovaries –
Fimbriae –
Uterine tube/oviducts/fallopian tubes –
Horn (Isthmus) of the uterus –
Body of the uterus –
Cervix –
Vagina –

RESPIRATORY SYSTEM

Larynx –
Vocal cords –
Trachea –
Principal bronchi –
Alveoli –
Apical lobes of lung –
Cardiac lobes of lung –
Diaphragmatic lobes of lung –
Intermediate lobe of lung –
Diaphragm –

NERVOUS SYSTEM

Central nervous system –
Brain and spinal cord –

Peripheral nervous system –
Spinal, cranial, and autonomic nerves –

Cerebrum –

Gyrus –

Sulcus –

Cerebellum –

Olfactory lobes –

Optic nerve –

Optic chiasma –

Mammillary body –

Midbrain –

Hypophysis (pituitary) –

Pons –

Medulla oblongata –

Spinal cord –

Pia mater –

Dura mater –

List the cranial nerves in order (include their function)
