

CHAPTER 9 NAMING COMPOUNDS PRACTICE

Name _____ Period _____ Date _____

Name the following compounds in column 1; in column 2, give the chemical formula.

21. copper (I) oxide

22. aluminum carbonate

23. lead (IV) acetate

24. iron (II) hydroxide

25. zinc bromide

26. magnesium phosphate

27. iron (III) sulfate

28. bismuth nitrate

29. potassium nitrite

30. copper (I) chlorate

31. calcium chlorite

32. magnesium nitride

33. silver sulfide

34. sodium sulfite

35. carbon monoxide

36. hydrofluoric acid

37. nitric acid

38. dinitrogen hexachloride

39. sulfurous acid

40. dihydrogen monoxide
